At the recent Living our Values Awards ceremony sponsored by the Corporate Development & Diversity Department of Marathon Oil Company, the "Supplier Diversity External Vendor of the Year" Award was presented to TK Consultants, Inc.

Nominations were accepted from internal departments as part of the supplier diversity initiative through Global Procurement. Criteria for consideration included minority- and women-owned business enterprise companies that demonstrated a value-based sustained partnership with Marathon and spent time and energy assisting and guiding other MWBE companies in their development process.

"In addition to providing security support, TK Consultants was instrumental in implementing security access for EG LNG and leading the HR and Global Procurement user role re-design projects" said Caroline Fant, Manager, IT Corporate Client Services. "TK Consultants is a valued member of our team!"

"We are very honored to receive this award," said Thomas Tsan, President and CEO. "Many thanks to the entire IT organization for their support."

About Marathon:

In 2005, the Marathon Oil Corporation upstream organization alone set a goal to spend \$65 million directly with MWBEs which we surpassed by nearly \$35 million," said Noel Garza, vice president, Global Procurement. "Many thanks to our internal clients who practiced inclusion in the sourcing efforts so that we could make our goals, as well as those who took a chance on doing business with an MWBE company that you had not worked with in the past."
